EDUCATION

RAJALAKSHMI INSTITUTE OF TECHNOLOGY

B.E in Computer Science and Engineering

Expected June 2028|CGPA 7.8/10

JAYA JAYA SANKARA INTERNATIONAL SCHOOL

Computer Science

Grad May 2024 | Cum Per: 71%

SKILLS

WEB DEVELOPMENT

PROGRAMMING LANGUAGES Known:

C

JAVA

Experience

1M1B (One Million for One Billion) Green Skills Academy (6 months)

During my Internship at 1M1B Green Skills Academy I have learnt The Importance of Green Skills in Shaping Sustainable Future and I have Learnt Tableau - A Powerful Data Visualisation Tool.

Projects

Smart RIT: A Multi-Module SaaS for Campus Resource Optimization and Peer Collaboration

Smart RIT is an unified AI ecosystem streamlining student logistics through automated printing, team matchmaking, and priority grievance redressal. Engineered a high-fidelity 'Eco-Tech' interface that integrates real-time campus data with advanced prompt engineering to enhance the digital student experience.

Achievements

Winner (1st of 100 Teams) - Prompttopage Hackathon | January 2026

Developed Smart RIT an AI ecosystem helping Students to automate campus activities and solving Campus Problems.

3rd Place out of 75 Teams - TechSprint - 6.0 Hackathon | March 2026

Developed Ai based Disease Outbreak Prediction System to Predict Malaria and Dengue by Calculating (Average Temperature, Air Quality Index, Population Density and UV index) that influences the Outbreak risks
